## HAPPY BIRTHDAY SNOOPY!

Celebrate Snoopy's birthday, Take Care style!

This activity sheet celebrates growing older and getting wiser, which for Snoopy means reaching out to the Cat Next Door to form a new friendship. Use the below activities to get into the birthday spirit and reflect on how you can take initiative in fostering new relationships.

## THROW A BIRTHDAY PARTY FOR SNOOPY

1. Gather your supplies : blank piece of white or construction paper, scissors, glue, glitter, pencils, markers, paint - whatever you want to create a festive party.
2. Print the following pages and cut out Snoopy's doghouse, the party supplies, and party guests. Remember if you need more supplies you can print an extra page or draw them in yourself!
3. On a blank piece of paper glue the cut-outs to create a party scene for Snoopy's birthday. Feel free to color and draw on the house, add decorations, snacks, and be sure to include the characters to fill up his party with lots of friends. Growing older is all about keeping old friendships strong and inviting new people into your life.

## WRITE AN INVITATION FOR FRIENDSHIP

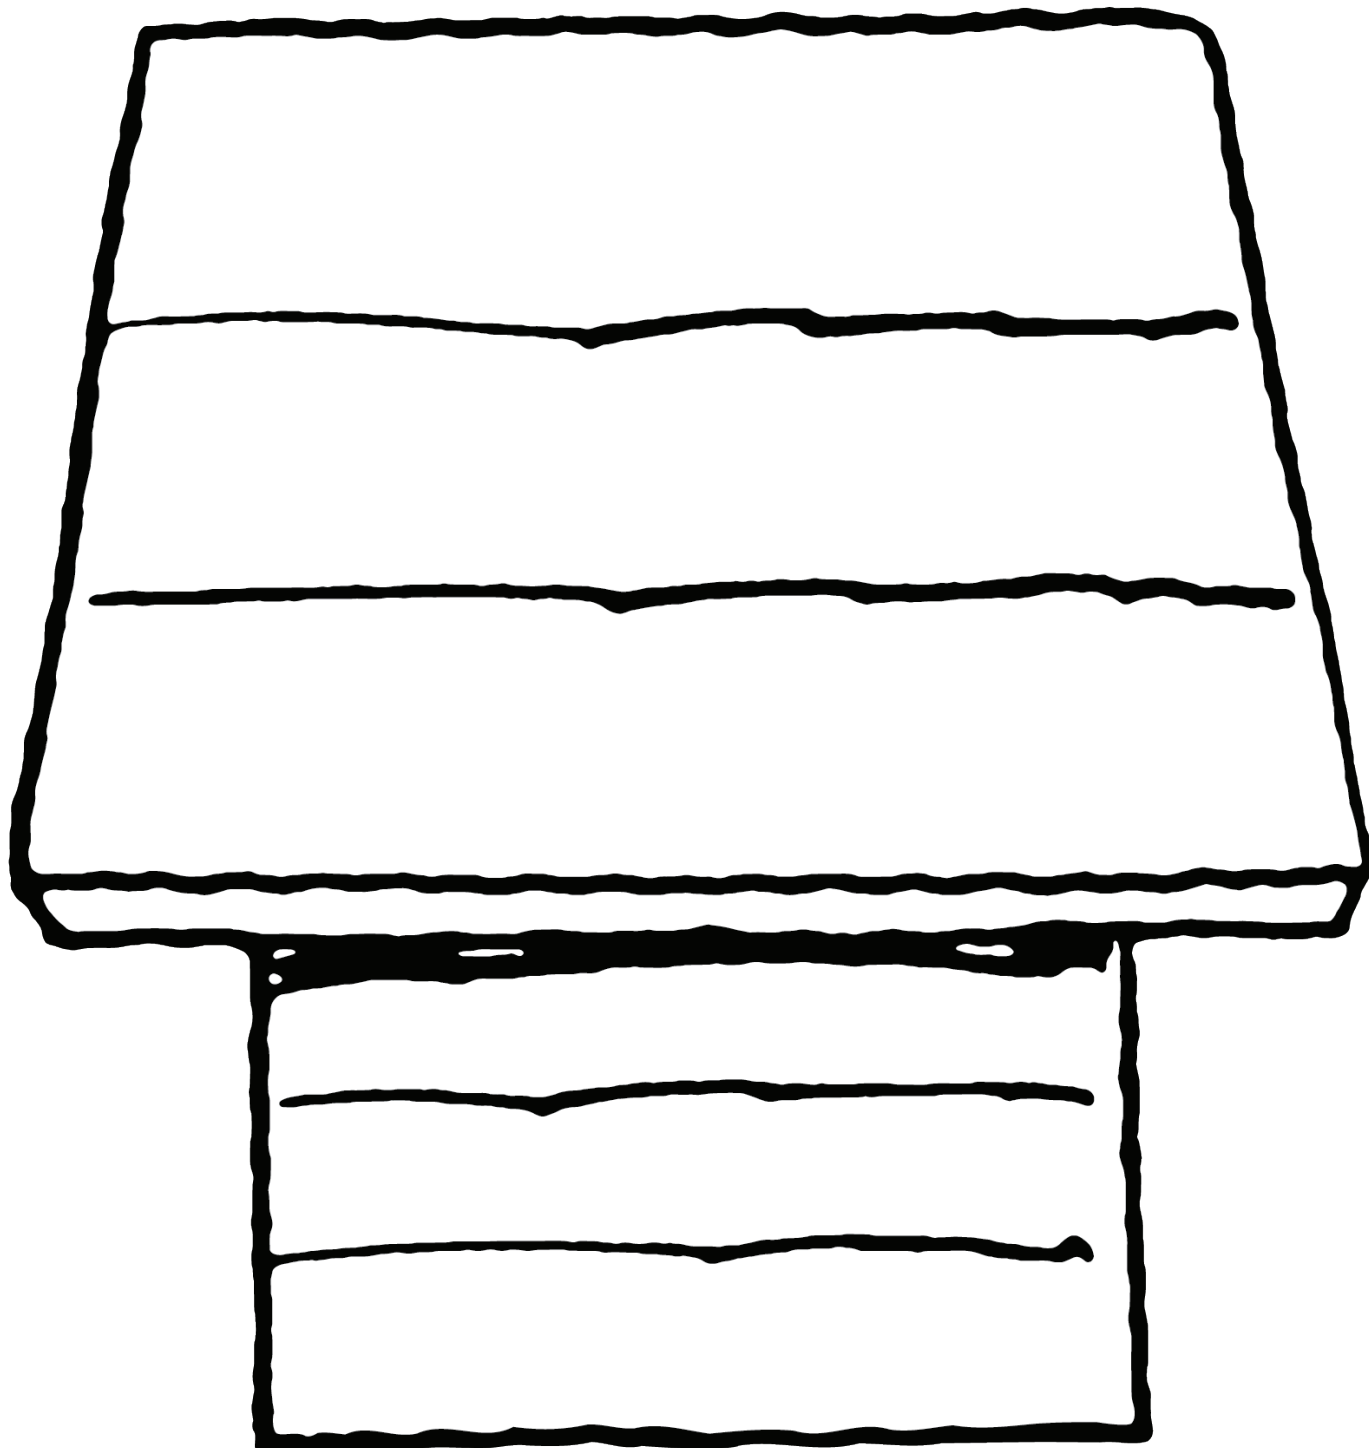

On his birthday, Snoopy learns to put the past behind him and invite the Cat Next Door to his birthday party. Reflect on who in your life with whom you would like to be friends. This can be someone who you've just met and want to get to know more, someone you've always known but wish you were closer with, or someone you've never met but would like to!

1. Write this person a letter telling them why you want to be their friend. How do they make you feel? Why do you admire them?
2. You can give them this letter or keep it for yourself and use this activity as a starting point for new friendships!
