GIVE THE GIFT OF FUN

The season of giving comes in all shapes and sizes. Sometimes the best gifts don't come wrapped in paper and ribbons. Instead, they can be a fun activity, a new tradition, an act of kindness, or anything that can become a cherished memory.

Get in the holiday spirit with this Take Care advent calendar that will inspire you to have fun, make memories, and embrace the season of giving!

Don't forget to share your advent calendars on social media!

GET STARTED!

Instructions:

1. Using the grid on page 2, fill in the blank spaces with activities that embrace giving the gift of fun! Feel free to take inspiration from the other boxes. Color in all the boxes and decorate them to get in the holiday spirit!
2. On page 3, color in and cut out each numbered square and randomly place them on top of each activity on page 2. Be sure to tape the tops down so they stay in place! An alternative option is to cover each activity with a sticky note numbered 1-12.
3. Each day, reveal or open up the activity for that day and have some fun! You could make the advent calendar with your family or friends so you are creating memories all together!
