## TAKE CARE OF EACH OTHER

### APPRECIATE WHAT YOU HAVE

Taking care of each other on Valentine's Day means celebrating all the types of love you have in your life! Sometimes, it can be hard to recognize all the love you already have. But take a step back, look around, and you will see all of the people, places, and things you love and everything that loves you back!

This activity encourages you to show appreciation for all of the love you already have!

Don't forget to share your love letters on social media!

### WRITE A LOVE LETTER

#### Instructions:

1. Love comes in all shapes and sizes and Valentine's Day is the perfect opportunity to realize just how much you already have to love and appreciate.
2. Make a list of everything in your life that you love. This can include people, places and even objects like how Linus loves his blanket!
3. Choose one person/thing on your list and use the prompts on the following page to write a love letter to them/it.
4. Feel free to give or mail the letter to whomever you wrote so they know how much you appreciate them! If you wrote to an object or place, hang it on your wall so you can be reminded of the love that fills your life.
5. You can print as many pages and write as many letters as you want, spread the love!
